

Harper's Conservatives want women to stay home and be quiet. . .
We refuse!

Rally and march

for women's rights,
for equality,
for access to government and the courts

Sunday, December 10, 2006

1:30 pm

Supreme Court of Canada
301 Wellington Street, Ottawa

The Conservatives:

- cancelled the provincial/federal child care agreements which would have provided much-needed quality child care
- refused to introduce proactive pay equity despite expert recommendations
- cancelled the Court Challenges Program so women can't fight discrimination
- cut Status of Women's budget by 40% and eliminated funding to women's groups who advocate for equality

Our response to the Conservatives:

Women will not go quietly back to the kitchen.
